### EXECUTIVE ORDER

#### **Amending and Extending Executive Orders D 2020 012 and D 2020 031 Limiting Evictions, Foreclosures, and Public Utility Disconnections and Expediting Unemployment Insurance Claim Processing to Provide Relief to Coloradans Affected by COVID-19**

Pursuant to the authority vested in the Office of the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 2, of the Colorado Constitution and the relevant portions of the Colorado Disaster Emergency Act, C.R.S. § 24-33.5-701, *et seq.*, I, Jared Polis, Governor of the State of Colorado, hereby issue this Executive Order amending and extending Executive Orders D 2020 012 and D 2020 031, limiting evictions, foreclosures, and public utility disconnections and expediting unemployment insurance claim processing due to the presence of coronavirus disease 2019 (COVID-19) in Colorado.

#### **I. Background and Purpose**

On March 5, 2020, the Colorado Department of Public Health and Environment's (CDPHE) public health laboratory confirmed the first presumptive positive COVID-19 test result in Colorado. Since then, the number of confirmed cases has continued to climb, and we have evidence of community spread throughout the State. I verbally declared a disaster emergency on March 10, 2020, and on March 11, 2020, I issued the corresponding Executive Order D 2020 003, as amended by Executive Orders D 2020 018 and D 2020 032. On March 25, 2020, I requested that the President of the United States declare a Major Disaster for the State of Colorado, pursuant to the Stafford Act. The President approved that request on March 28, 2020.

My administration, along with other State, local, and federal authorities, has taken a wide array of actions to mitigate the effects of the pandemic, prevent further spread, and protect against overwhelming our health care resources.

The economic impacts of COVID-19 are significant, and threaten to undermine the economic stability of many Coloradans and local businesses. The risk of contamination posed by COVID-19 necessitated closure of multiple businesses. Employers and employees in virtually all sectors of the economy have been hard hit. We must take action to shore up economic security, employment, community cohesion, and community recovery.

While we have seen indications that our efforts to "flatten the curve" are working, transmission of the virus continues to threaten Coloradans' way of life and livelihoods. On April

26, 2020, I issued Executive Order D 2020 044 Safer at Home. To be Safer at Home, Coloradans must continue to have a home. As we prepare to reopen the economy it is important that we continue to acknowledge that the economic impacts of COVID-19 are significant, and threaten to undermine the economic stability of many Coloradans and local businesses.

This Executive Order amends and extends Executive Orders D 2020 012 and D 2020 031, limiting residential and commercial evictions for thirty (30) days in order to provide support and relief to Coloradans that have experienced economic hardship due to COVID-19. Many Coloradans experienced substantial loss of income as a result of business closures and layoffs, hindering their ability to keep up with their rent or mortgage payments and threatening their housing security. This Executive Order also extends the limitations on foreclosures and public utility disconnections and expedited processing of unemployment insurance claims. This Executive Order will help protect the economic well-being of Colorado's communities and businesses during the next month.
